

DISTRICT CONVENTION 2019

Welcomes

District Governor's Message:

Howdy CNH Circle K!! And welcome to the 65th Annual California-Nevada-Hawai'i Circle K District Convention! As the largest Circle K District in all of Circle K International, the anticipation and excitement going into this weekend is OFF THE CHARTS! In addition to my excitement, I just can't believe a whole term already flew by! With all the memories made, and friendships strengthened, this term has definitely been one to remember!

This weekend, we are here in Riverside, California to celebrate our clubs', divisions', and District's success. Members on all levels of Circle K International work hard every day to provide service to their communities, sharpen their leadership skills, and create lifelong memories that'll last for as long as we remember. So I'd like to start off by saying thank YOU for the hard work and dedication you put into this organization! Without you, this whole weekend would not have been possible! To add on, don't forget to give a shoutout to your advisors, alumni, and staff who support us with the endeavors we decide to take on! Lastly, thank you to all the members who have served in any position of responsibility! From serving on a club committee or leading us on an international position, the work you do for the members of Circle K International is truly appreciated by me and everyone else in this organization!

But before I start getting all sappy, this term isn't over just yet! The 2018-2019 District Convention Committee and the Spicy District Board has been working nonstop to make this weekend an amazing, unforgettable experience. So make sure to partake in as much activity as you can this weekend! From learning new skills at workshops, talking to some new friends, or going crAZyyy on the dance floor on Saturday night, live it up at DCON 2019!

With that, it has been an honor to serve you all as your District Governor this term, and may CNH Circle K continue to thrive as it moooves forward into the future!
